# Report

Event Name: Cyber Crime Awareness

Date of Event: 2023-02-17

Place of Event: S.P.I.T.

In-Charge Member: Ms. Srushti Gaikwad

A Seminar/ Guidance talk was arranged by WIE-IEEE-SPIT, in association with IIC SPIT on Cyber Crime Awareness. The session was conducted by Inspector Rajesh, who works in the Cyber Crime department of Mumbai police. The session began with our college students welcoming the speaker. He started the session by enlightening us about the importance of keeping ourselves safe online. He highlighted the risks that we are exposed to during online surfing.

The speaker then talked about the different categories of cybercrime including cyberbullying, phishing, email fraud, social media fraud, banking fraud, ransomware attacks, cyber espionage, identity theft, clickjacking, spyware, etc. He also provided links to websites that are run by the Mumbai Police to report cybercrime anonymously.

The speaker also ensured that the session was interactive by providing links to websites that are used to detect if our personal information has been exposed in past data breaches or virus attacks. The session was very helpful as college students are often exposed to Cyber Crime.
