Report

Event Name: International Women Day Celebration

Date of Event: 2019-03-08

Place of Event: S.P.I.T. Entrance

In-Charge Member: Dr. Aarti Karande

On 8th March 2019, the Sardar Patel Institute of Technology entrance witnessed a huge crowd to celebrate International Women's Day. Siddhi Korad, the chairperson of IEEE WIE greeted the students. She spoke about the remarkable contribution of women to our society.

No sooner than she finished, Deepesh Sanadhya brought everyone in the spirit of the day with a song. Meanwhile, the students of MCA rehearsed their lines for the upcoming skit. The skit touched upon the journey of a woman navigating through the deep-rooted patriarchy in our society. It sent out the message loud and clear that women deserve to be treated with dignity. The skit highlighted the distance left for workplaces in India to be gender friendly. The audience heartily cheered their sincere efforts and applauded them. The crowd soon demanded a song from Deepesh Sanadhya he readily gave in as the students and teachers clapped along to the tune. The committee had arranged cards and chocolates for all the women in the college as a token of appreciation. Overall, Women's Day was beautifully celebrated
