## Report

Event Name: International Women's Day Celebration

Date of Event: 2018-03-19

Place of Event: Entrance, SPIT

International Women's Day was celebrated at Sardar Patel Institute of Technology (SPIT), located in Mumbai. First commemorated by the United Nations (UN) on March 8th during the International Women's Year of 1975, the day represents an important opportunity for individuals, communities, and countries to celebrate the progress, great achievements, and contributions of women, raise and confront difficult questions and challenges, build broad support for women's rights, and work towards the full and equal participation of women within all areas of society.

The celebration started off with a fresh and enthusiasm filled skit by volunteers (Students from MCA department). The skit brought to notice the huge changes that have taken place in Indian society concerning women. It showcased the life of a mediocre homemaker in the 1960s and how it was limited to

household chores, while being male dominated. The other part succeeded to portray the changed times of today showcasing the modern and career oriented woman. The skit was thoroughly entertaining along with representing social changes.

Following was a beautiful song by a student. The song, "Chori Chori Chiraiya" gave meaning and was the cherry on top of the cake for this celebration. The student's soothing voice added charm to the song, making it much more serene.

A talk on "Navrasa" meaning the 9 emotions by Gauri, a student from Electronics and Telecommunication department were some words of wisdom. She was representing a group which had performed in a dance competition depicting the Navrasa at the Mumbai University and bagged the first prize.

The program was well received by staff and students. IEEE-WIE with WDC consider themselves fortunate to have had the opportunity to celebrate International Women's Day at SPIT.
